THANKFULNESS

Thankfulness is being grateful for what we have.

Thankfulness is an attitude of gratitude for learning, loving and being alive.

Thankfulness is being glad for the special things that come along. It is also being grateful for the little things which happen every day.

With thankfulness, we keep a positive outlook. We can see the good in our lives and in whatever happens.

Thankfulness is a way to get perspective when things don't look good and you start to lose hope. It is a way to grow when painful things happen, by looking at the gifts which are always there, even when they seem hidden.
